

Iustitia Coin (IUS)

White Paper

What is IUSTITIA / IUS Coin?

Iustitia is the Greek goddess of justice, known in our modern world as the **lady of justice**. The Greek Iustitia goddess represents moral excellence as her vision was to **create a strong and active green community** made by people and followed by people. This is what inspired our Iustitia coin (IUS), a cryptocurrency that will focus on:

- **Achieving justice to our mother nature.**
- **Can be obtained only through green / environmental initiatives.**
- **Building environmentally aware generation.**
- **Decentralized.**

From here emerged the Iustitia coin (IUS), to be fair to our mother nature, that is a green coin with zero emission, where no energy is required to mine the coin as it is **100% pre-mined** through using green energy. All transactions will be verified by using insignificant power. The coin will support the green initiatives around the globe, fulfilling the impartiality in our vision. Iustitia coin (IUS) will model justice, uprightness, equity and impartiality.

Iustita Vision
